About the caDSR Wiki

This is the wiki home page for caDSR. You may edit pages if you are working on them with the authors. You are welcome to leave comments. The caDSR Wikis are:

- [caDSR Content](#)

Focuses on the Metadata Content within the caDSR and is most useful for consumers. The pages include Data Standards, Harmonization, Reuse and Business Rules that establish the capabilities of the caDSR Tools.

- [caDSR Database and Tools](#)

Focuses on the features of the Tools from the perspective of users. The pages include descriptions for each tool, Release Notes and reference materials. The information on these pages is specific to the use case implementation of Business Rules recorded in the [caDSR Content](#) pages.

- [caDSR for Application Developers](#)

Focuses on the software interfaces to the caDSR available to programmers and software developers. The pages include details on the caDSR API, XML messages produced and consumed by the caDSR products and the caDSR UML Model.

- [caDSR Installation and Implementation](#)

Focuses on Open Source adoption of the [caDSR Database and Tools](#). The pages include ISO 11179 implementation extensions, software implementation architectures and Downloads.

- [caDSR Projects](#)

Focuses on specific projects in progress. The pages include those projects spanning across tools and products and projects involving inter-metadata registry sharing. For projects related to one specific tool, refer to the [caDSR Database and Tools](#) section.
